

CHLOR-FOAM TECHNICAL DATA SHEET

DESCRIPTION

Chlor-Foam is a high-foaming and high-detergent chlorinated cleaner designed for general-purpose cleaning in breweries, beverage manufacturing plants, and bottling operations. BrewClean Chlor Foam effectively removes fat, protein, and starch from stainless steel and glass process equipment. Manufactured in Canada.

PRODUCT INFORMATION

Chlor-Foam is suitable for use in various cleaning applications where high foaming action and strong detergent properties are required. It is ideal for removing stubborn residues from process equipment surfaces. For specific application instructions, consult a representative from BREWCLEAN. Dispose of contents/container following all federal, provincial, and/or local regulations.

MATERIAL COMPATIBILITY

Metal:

Compatible with stainless steel. Avoid prolonged exposure on all metal surfaces

Plastic:

Not recommended for use on plastic surfaces.

TECHNICAL DATA

Appearance: Opaque liquid

Odor: Mild bleach odor

pH: 12-14

INSTRUCTION

General Cleaning

Dilute Chlor-Foam at the recommended concentration for your specific application. Apply Chlor-Foam to the surface using a foam applicator or sprayer. Allow the foam to dwell on the surface for the recommended contact time. Agitate the surface with a brush or sponge to enhance cleaning action if necessary. Rinse thoroughly with water until foam and residues are completely removed.

PRECAUTIONS

Chlor-Foam contains chlorine and alkaline cleaners. Handle with care to prevent skin and eye contact.

- **Rinse well with water after foaming tanks and equipment, wait 24hrs before following with Acid Foam products**
- Wear proper personal protective equipment (PPE) when handling.
- Store Chlor-Foam in sealed containers away from extreme temperatures.
- Do not breathe in dust or mist.
- Wash hands thoroughly after handling.
- Wear protective gloves, protective clothing, and eye/face protection.
- Use only outdoors or in a well-ventilated area.
- Keep only in original packaging
- Consult the Safety Data Sheet (SDS) for detailed information.
